After I graduate, I want to be a wildlife biologist and work for a national park. I hope to study biological sciences at the University of Sao Paulo. It's the perfect profession for me because I am passionate about nature. I'm very patient and I'm hard-working, too. I love being outdoors, and I enjoy taking wildlife photos. This summer, I'm going to spend a month in the Pantanal region of Brazil. I'm going to work as a volunteer on conservation project.
